Curriculum Map: KS3 – KS4 Careers Education

THE KING'S ACADEMY
Emmanuel Schools Foundation

Careers education connects learning to the future. It motivates young people by giving them a clearer idea of the routes to jobs and careers that they will find engaging and rewarding. Our careers education aims to widen pupils' horizons, challenge stereotypes and raise aspirations. It provides pupils with the knowledge and skills necessary to make successful transitions to the next stage of their life. This supports social mobility by improving opportunities for all young people, especially those from disadvantaged backgrounds and those with special educational needs and disabilities.
